

9316

## A compact, stylish mono laser printer for the personal user

The 9316 mono laser printer is one of the fastest personal printers available to date. At 16 pages per minute the 9316 can offer efficiency and security a shared office printer can not always match. Separate, extra long life consumables mean you won't be continuously changing print cartridges, therefore giving you excellent low running costs.

The ultra fine print gives professional quality to memos, letters, reports and presentations. A parallel and USB interface are a standard feature on the 9316 plus a simple no fuss driver will make installation quick and easy. With its ample 150 sheet input tray and its 100 sheet output tray, the 9316 easily meets the paper handling requirements for a high volume personal user.

## Features & Specifications

### Mono Laser Printer

<b>Printing Technology</b>	Laser
<b>Processor</b>	Naltec N1 48 MHz
<b>Print Speed - Mono</b>	Up to 16 pages per minute
<b>Monthly Workload - Average</b>	2,500 pages
<b>Max</b>	15,000 pages ( one time peak use )
<b>Print Resolution - Max</b>	600 x 600 dpi - Up to 1200 x 1200 half speed
<b>Memory - Standard</b>	8 Mb
<b>Emulation - Standard</b>	Windows Printing System (GDI)
<b>Fonts</b>	Windows
<b>Paper handling input - Standard</b>	150 sheet multi-purpose feeder
<b>Paper handling output - Standard</b>	100 sheet face down tray
<b>Duplexing</b>	Manual
<b>Print media type</b>	Normal paper, recycled paper, transparencies, labels, thick paper stock, envelopes, letterhead, postcard
<b>Paper sizes</b>	A4, B5, Letter, G Letter, Statement, Executive, Folio, Letter+, Quarto, Foolscap, G Legal, Chinese 16K, Chinese 32k, Custom
<b>Envelope sizes</b>	B5 Env, #10, C5, DL, Monarch, C6, #3, #4
<b>Non-printable area</b>	4mm from each edge
<b>Media weight</b>	Normal paper - 60-90gsm Recycled paper - 60 - 90gsm Thick paper - 90 - 163gsm
<b>Printer drivers</b>	Windows 98SE, Me, Win 2000 and XP
<b>Interfaces - Standard</b>	Parallel ( IEEE 1284 ), USB ( version 1.1 )
<b>Interface intelligence</b>	Automatic Interface Switching
<b>First page print time</b>	13 secs or less
<b>Warm-up time</b>	21 secs
<b>Acoustic level (ISO 7779)</b>	Printing - 54dBA Standby - 35dBA Sleep Mode - Background Level
<b>Power consumption</b>	Energy Star Compliant, Max: 900W Average: 400W Standby: 15W
<b>Weight</b>	7Kg (not including consumables) 7.8Kg (with consumables)
<b>Dimensions</b>	287(w) x 291(d) x 283(h) mm (Folded) 387(w) x 405(d) x 348(h) mm (Printing)
<b>Input Voltage</b>	220 - 240V 50/60Hz
<b>Operating Environment - Temperature</b>	10°C - 35°C
<b>Operating Environment - Humidity</b>	15% - 85% relative humidity, non condensing
<b>MTBF</b>	3,000 hours
<b>MTTR</b>	30 minutes
<b>Consumables</b>	Drum Cartridge - 20,000 pages* Toner - Starter 1,500 pages* Toner - Refill 6,000 pages (high capacity) * Based on A4 page with 5% coverage.

**NB: Paper is a highly variable medium, and should be tested prior to purchase. The quoted consumable life is the average for the printer when used under normal operating conditions.**
